Guests & Visitors

You may have visitors come to AutoCamp during daytime hours. **All guests must sign-in at the Clubhouse.** Guests that are not part of your reservation may not stay on property overnight.

Outdoor Cooking

Your suite is equipped with BBQ tools and basic cookware, and X Suites have a kitchenette.

Wildlife & Bugs

AutoCamp brings us all closer to nature. Deer, raccoons, squirrels, turkeys, coyotes, mosquitos, foxes and ticks are all part of being in nature. We ask that you not leave food or trash outdoors overnight and that all trash is thrown away in covered receptacles provided around the property. If you encounter wildlife on property, do not approach or feed them.

Wood Burning

Due to fire regulations in the area, burning of firewood or trash is not allowed at AutoCamp. Please do not gather wood from the surrounding area to use as fuel. Green Mountain Firewood for campfires is available in the General Store. Should weather conditions require us to temporarily ban campfires, we would welcome you to enjoy one of our community fire pits. Massachusetts prohibits the movement of firewood and other wood products in or out of any state campgrounds. This is because damaging tree pests like the emerald ash borer and Asian longhorned beetle can spread to new areas via the movement of firewood.
